

ASC Nurse Manager Job Opening  
Cascade Orthopaedics, PLLC  
Auburn, WA

Cascade Orthopaedics is seeking a Nurse Manager to oversee our Ambulatory Surgery Center in Auburn, WA. We are looking for a dynamic individual with management experience in an outpatient surgery setting capable of maintaining the operations of our surgery center in accordance with fiscal responsibility, regulatory provision and the high standard of care we set for our patients.

As an independent physician governed practice since 1970, Cascade is dedicated to providing the highest level of quality orthopaedic care encompassing the entire spectrum of treatments for injuries and disorders affecting the musculoskeletal system. To achieve this goal, we have built a physician team of orthopaedic and pain management specialists in addition to a full complement mid-level providers and staff who all share a common commitment to quality care and patient satisfaction. We enjoy modern facilities complete with ambulatory surgery center, physical therapy and full-field diagnostic imaging allowing us to manage the orthopaedic needs of our patients entirely in house.

Cascade Ambulatory Surgery Center was established in 1999 and is conveniently located across the street from our clinical operation and Auburn Regional Medical Center. Our Surgery Center is accredited by the Accreditation Association for Ambulatory Health Care (AAAHC), Medicare Certified, and offers three operating rooms as well as fully equipped preoperative and post-anesthesia care units. Our surgery staff enjoy competitive compensation, benefits and share in the profits of the Surgery Center.

The qualified candidate would be energetic with the ability to motivate and lead our skilled surgery team. Previous management experience, RN License, BLS, ACLS, and PALS certifications are required. Orthopaedic experience with the flexibility to circulate and recover patients is a plus. The candidate should also be very comfortable with computer systems with proficiency in Microsoft Office (Word and Excel). Excellent business communication skills and knowledge of AAAHC and Medicare protocols are essential.
